CONTRACT IS LET

TWO NEW BOILERS TO BE INSTALLED AT COST OF \$3,450.

COMPLETED IN 80 DAYS

Work of Improving Water Plant is Started and Other Contracts Are to Be Taken Up Soon.

The board of public works in session Monday afternoon gave the contract to Merkle-Hines company of Kansas City for two new boilers at the water plant and the work of installation at a price of \$3,450. While this bid was not the lowest one, still the company offered more than the other two bidders. The Kansas City Steam Specialty Co. bid was \$3,397 and M. T. Goss of Chicago had a bid of \$3,950.

Work on the boilers will commence within forty days after the contract is signed and must be completed within forty days after the work is started. The two new boilers will take the place of the two present ones, and the operation of the plant is not to be disturbed. One of the boilers will be installed north of the smoke stack at the water plant and will be connected, then the two old ones torn down, and the other boiler set up and connected south of the smoke stack.

There were three bids on the repairing and adding to the steel tank in the water tower. And there were six or seven propositions submitted by the bidders, ranging in prices from \$4,200 to \$10,000. The board took all of the bids under advisement and have not decided what they will do in regard to the tower. One proposition submitted repairing the old tank on a steel truss work is for \$9,700. Another one is to tear down the upper half of the tower and rebuilding it, and the cost was set at \$7,900.

The next improvement to be made at the plant will be the pumps and advertising for bids will be done soon.

TO GET TO WORK AT ONCE.

The Land Owners in the 102 Drainage District Want Ditch Finished Quickly.

The sentiment of the land owners at the meeting of the 102 river drainage district meeting held at the Pickering lumber yard on Monday afternoon at 2 o'clock, was strongly for the proposition of an extension of eight years of the life of the drainage corporation and to finish the ditch quickly. The vote on the extension of the corporation was 4,209 for to 817 against. J. C. Pistole and Henry Heitman were the opponents.

A. F. Harvey was employed as attorney for the drainage corporation and steps will be taken at the June term of the circuit court to get the court approval on the extension of the corporation for eight years. The present corporation existence runs to March 9, 1915, and with eight years more, they will have until 1923.

It will be necessary to raise more money for the completion of the ditch. Two dredge boats will be secured, one for each end of the ditch.

Has a New National Car.

W. W. Linebaugh of Clearmont received his new automobile, a National car, last Saturday and drove it to Maryville Tuesday. It is probably the most expensive car in the country, as it was specially made according to Mr. Linebaugh's designs. The automobile attracted much attention in Maryville.

Feast and Initiation.

The I. O. O. F. encampment branch was largely attended Monday night when initiation of several candidates took place. A feast was spread after the lodge, F. E. Orcutt and C. W. Bennett being the principal after dinner speakers.

The Guilford school is after the state aid and is trying to meet the requirements to receive that aid.

All of the teachers selected by the board are new ones except one. They are: C. A. Dovenspike, principal; Miss Myriell Gates, grammar department; Miss Bernice Kershaw, intermediate; and Miss Florence Skidmore, primary. Mr. Dovenspike has been principal of the schools at Osborn, Mo., for the past four years and succeeds C. C. Adams at Guilford. Miss Kershaw takes the place of Frank Ham. LOST, TWO DOORS

THEY REVOLVE, AND BELONG TO THE GOVERNMENT BUILDING.

SHIPPED A MONTH AGO

Except for Doors New Postoffice is to Be Finished this Week and Uncle Sam Goes In In June.

The new postoffice building on North Main street will be completed by the end of this week so it is figured now by Superintendent of Construction J. R. Edwards.

A final mechanic inspection of the building will be made this week and a man is expected to be here either Wednesday or Thursday. When this inspection is made and if everything is found to be O. K., then the treasury department at Washington will be notified that the building is complete.

There might be a delay on the building owing to the revolving doors for the side and front entrance to the building. The doors were shipped over a month ago, but no word has been received about them. It will take probably three days to put the doors in. All of the other work on the building will be finished this week. The grounds are being cleaned up.

When the treasury department accepts the building, then word will be sent to the postoffice department at Washington that the building is ready and then the postoffice authorities will receive notice to move to the new building. Postmaster S. R. Beech thinks it will probably be June 1 before the office is moved.

The new furniture is to be installed in the building and the first shipment of the racks and cases were received Tuesday.

TO TARKIO TRI-STATE MEET.

Local High School Will Send Track Team and Orator to Tarkio Friday. Local Lad Holds Record There.

The Maryville high school track team will go to Tarkio Friday to compete in the Tri-State track meet which will be held there under the auspices of the Tarkio College. The Tarkio meet is not likely to be as fast an affair as was staged here Saturday, and the local school ought to make a good showing. Orlo Quinn, Maryville high school '12, holds the record in the Tri-State association in the running broad jump at 19 feet, 3 1/2 inches, which he made in the 1911 meet.

Roy David, who won the oratorical contest here last Friday night, will compete at Tarkio Friday night. His subject is "The New South," by Grady. Prof. W. W. Westbrook will accompany the team.

NEW LAW OPENS COUNTY RECORDS TO STATE INSPECTION.

MISSOURI HAS A FLAG

Among New Laws Passed One Provides for Publishing City Finances and Another Double Express Tax.

We this week print another consignment of new laws for the information of our readers.

Must Have Electric Headlights.

For the safety of employees and other persons on railroads the recent session of the Missouri legislature enacted a law to the effect that all engines must hereafter be equipped with an electric head-light of at least fifteen hundred candle power. This bill was introduced by Mr. Correll of Randolph and was supported by practically every railroad employee in the state. It will lessen the liability of accident and be a protection to the traveling public as well as to the men who operate trains.

A Jolt to Free Lunches.

The free lunch which has been such a drawing card to the average country and city saloon, and which has induced tens of thousands of men who otherwise would have spent their money at a restaurant or lunch counter, to invest in intoxicating liquor, has been put out of existence by the Missouri legislature. The bill recently enacted into a law makes it a misdemeanor to serve a free lunch in any place where liquors are sold. The fact that a man was forced to buy liquor in order to get a share of the viands spread in the average saloon had long been deplored by temperance workers in this state.

Doubled the Tax of Express Companies.

A bill raising the tax on express companies from \$1.25 to \$2.50 per \$100 on their gross receipts became a law when Governor Major attached his signature. It will be remembered that the 46th general assembly raised the tax on express companies, but Governor Hadley vetoed the bill. The express companies have been escaping their just share of taxes, paying less in Missouri than in any of the adjoining states, hence the measure is a most just one and a revenue producer.

Official Flag for Missouri.

Missouri is to have an official flag. It is one of the few states which has not made such an adoption long ago. The recent legislature officially provided for a state flag, the specifications to be as follows: One red, one white and one blue horizontal stripe of equal width; the red shall be at the top and the blue at the bottom. In the center of the flag there shall be a band of blue in the form of a circle enclosing the coat-of-arms in colors, as now established by law, on a white ground. The width of the blue band shall be one-fourteenth of the vertical width of the flag and the diameter of the circle shall be one-third the horizontal length of the flag. In the blue band there shall be, set at equal distances from each other, twenty five-pointed stars.

Melons Must Be Hurried Along.

People who hunger for a luscious watermelon or cantelope, as well as thousands of Southeast Missouri farmers who grow them for market, will be interested in house bill 411 which the recent legislature enacted into a law. It insures prompt service to the grower and fresh melons to the consumer by requiring that melons consigned to market must be moved within twelve hours after a bill of lading has been signed and filed with a railroad company. Vinous and citrous fruits are also included in the provisions of this law. This measure is of special interest to all South Missouri which is becoming the world's greatest market for watermelons, big red apples and other good things in that line.

Notice to Brides and Grooms.

Romantic young men and women who are tempted to steal a march on friends and relatives by securing a license to wed in one county and using it in a different locality will be interested in the fact that a new law in Missouri requires that every marriage shall be solemnized in the county wherein the license was issued; and, further, that the officer or preacher who solemnizes any marriage shall file his return with the officer who issued the license within ten days.

Mr. Whitechurch was employed with the Great Western railway at Savannah as telegraph operator for six years before coming to Maryville. The business opening that now presents itself to him is of too much value for future continuance in his present work. The good wishes of Maryville friends will go with him and his family to their old new home.

ASKS FOR \$10,050

GRANT BORCHERS CLAIMS DAMAGES FROM HOSBOR.

\$3000 SUIT FOR CLYDE

Old Defective Sidewalk Problem to Have Another Hearing in Court—One Divorce Suit.

Tuesday was a busy day in Circuit Clerk Rathbun's office, as many cases were filed for the June term of court.

A sensational suit filed was by Grant Borchers against John Hosbor for \$10,050 for damages for injuring the good name and reputation of the plaintiff's minor daughter, Pearl Borchers. The petition charges the defendant with committing seduction. The attorneys for Borchers are C. F. McCaffrey and W. E. Wiles.

A suit against the village of Clyde was filed by Attorney Ellis G. Cook for Joseph Probst. The suit is for \$3,000 damages. The petition claims that the plaintiff had both bones of his left arm broken and dislocated his wrist as a result of a fall due to a defective sidewalk in that town.

A divorce suit was also filed. The suit was that of Lizzie M. Allen vs. James M. Allen. The petition states that they were married in Nebraska on August 30, 1908, and lived together until January 20, 1912, since which time the defendant has absented himself without reasonable cause for one year. A divorce, the custody of two minor children and maintenance are asked for. Shinabargar, Blagg & Ellison are the attorneys for the plaintiff.

A perfect title suit was filed, being Ward W. Gray vs. Roy McMullin. Shinabargar, Blagg & Ellison are the attorneys for the plaintiff.

BOYS PUT ON MEET.

Presbyterians Won, with Independents Second and Methodists Third—Records Destroyed.

A number of boys staged a track meet all by themselves Monday afternoon at Normal park. It was a sort of religious affair, in which the boys of the Presbyterian Sunday school triumphed over the Methodist boys by a count of 57 to 17. But we mustn't forget to state that the Independents were also in the meet and ran the Presbyterians a close race for first honors. Their total was 44.

Here are the events and the winner of first in each:

100-yard dash—B. E. Condon (Ind.)

Shot put—Harold Sawyers (Pres.)

220-yard dash—Harley Hughes (Pres.)

Hop, step and jump—Harold Sawyers (Pres.)

Running broad jump—Harold Sawyers (Pres.)

Standing broad jump—Harold Sawyers (Pres.)

220-yard hurdles—B. E. Condon (Ind.)

Half mile—Will Hatchison (Pres.)

Quarter mile—Joe Farmer (Pres.)

Pole vault—Claude Glass (Ind.)

Half mile relay, won by Presbyterians, Hughes, Leffler, Hutchison and Van Cleave.

We are sorry to state that we are unable to submit the record in each event, but said record was being kept on the bottom of a paper pie plate, which had been carelessly discarded by some extravagant visitor Saturday, and the Methodists destroyed the plate.

IN THE MEAT BUSINESS.

Charles Buhler Purchased the C. M. Hartness & Co. Store on South Side.

Charles Buhler purchased on Monday the meat store of C. M. Hartness & Co. on the south side of square and took possession of same on Tuesday morning. Mr. Buhler was formerly in the grocery business with L. S. Byers and is a good business man. The deal was made through Holmes & Wolfert, real estate dealers.

Hedges Must Be Trimmed.

Property owners who neglect their
hedges until they become a nuisance
to the traveling public will be inter-
ested in knowing that further neglect
is likely to bring upon them a fine of
not less than \$5.00 nor more than
\$100.00 for each offense. A law passed
by the recent legislature provides that
any person owning a hedge fence or
property enclosed by such a fence
along any public road or highway in
this state must trim the same to a
height of not more than five feet once
each year. As soon as notified in writ-
ing by three or more property owners
of his district that this law is being
violated a road overseer must notify
the prosecuting attorney at once, pre-
sented him with a copy of the notice.
It will then become the duty of the
prosecuting attorney to begin action
against the offender unless he com-
plies with the law within thirty days.
Neglected hedges soon become a nu-
isance to the traveling public and this
law will be generally appreciated.

Will Audit Public Accounts.

At the suggestion of State Auditor
Gordon the Missouri legislature pro-
vided for expert auditing of the ac-
counts of state officers, state institu-
tions, etc., and for the examination of
the books of county and city officers
when such examination is requested
or deemed necessary. All state ac-
counts, however, will be audited once
a year and the saving to the state
through the enforcement of uniform
systems of book-keeping and account-
ing are estimated at something like
half a million dollars a year. On re-
quest of county court or on petition
of 300 citizens the state will audit the
accounts of county officers. The honest
official has nothing of course to fear

A Great Surprise Wedding.

It was quite an unusual social event
that took place Monday evening at the
home of Mr. and Mrs. Oscar L. Mutti
of Hopkins, who had arranged a de-
lightful evening for the B. W. club, of
which Mrs. Mutti is a member, and
their gentlemen friends, but the affair
ended in such a big surprise to every-
body there, including the host and
hostess, that they are still wondering
if it is a fact or is it a dream. Mr.
and Mrs. Mutti, who are among Hop-
kins' happiest newlyweds, invited their
company for a social evening to ob-
serve the fourth wedding anniversary
of Professor and Mrs. W. R. Lowrey.
As a surprise for all their guests, Mr.
and Mrs. Mutti went to announce the
approaching marriage of their best
friends, Miss Ethel Ulmer and Mr.
Gaylen Goodson, who had given them
May 7 as the date for their wedding,
as the crowning feature of the evening,
and every little detail in regard to it
was perfected.

The first part of the evening was
given to doing honor to Professor and
Mrs. Lowrey and playing various kinds
of contest games. At last the game of
forty-two was commenced, which was
the signal to the bride and bridegroom-
elect that their announcement was not
far off. They asked leave of absence
for a few moments from their host
and hostess, who thought they wanted
to do a little bracing up before their
secret should be told, and they went
out for a little walk without being
missed by the guests. Precisely at the
right time they returned, but not alone.
Preceded by Rev. D. W. Griffith, pastor
of the Baptist church at Hopkins, they
took their places in the midst of a
hushed and speechless company and
the holy vows of marriage were soon
spoken, the bride being given away by
her grandfather, Mr. Jehu Johnson.

who had also accompanied them. By
the time the minister and the good
grandfather had given their blessing,
the guests began to recover from their
surprise and fun and merriment
reigned. When luncheon was served,
the hostess discovered a beautiful wed-
ding cake in the center of her dining
table. Upon diligent inquiry it was
found that her own mother and father,
Mr. and Mrs. J. C. Pistole, had been the
two upon whom the bride and groom
depended for help in carrying out their
surprise. Mr. Pistole went to Mary-
ville Monday on business that did not
allow him to return until the night
train, bearing the marriage license in
his pocket. While he was away Mrs.
Pistole made the wedding cake and put
a gold ring in it, which was in the
piece secured by Miss Della Nash.

The bride and groom have been for-
given by the host and hostess for their
trick for one reason only—they were
married in their home, a fact that has
saved them from complete ostracism
by them. Mr. and Mrs. Goodson are
universally esteemed, loved and ad-
mired in Hopkins, where both were
born and reared. Mr. Goodson is a
young druggist there. He is a son of
Mrs. William Bram of Hopkins and of
the late Dr. B. F. Goodson of that
place. Mrs. Goodson is not only one
of Hopkins' prettiest girls, but is de-
serving of the popularity she enjoys.
Those who were present upon this ex-
traordinary occasion were: Mr. and
Mrs. J. C. Pistole and their daughter,
Mrs. Lee Ferguson of Trosser, Wash.,
who assisted Mr. and Mrs. Mutti dur-
ing the evening; Professor and Mrs.
W. R. Lowrey and their little son,

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardul.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardul as a tonic, and, from the first day, it seemed to help. I had almost lost my reason, but thanks to Cardul, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it." Cardul acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health. It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical. Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women. In every community, there live some who have been benefited by Cardul. The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways. Try it.

FINAL OUTBURST OF ORATORY

General Debate on Tariff Bill Ends in House.

PAYNE DENOUNCES MEASURE.

Republican Leader Ridicules Claim That Revision Will Reduce Cost of Living—Murdoch Also in Opposition. Rainey Comes to Defense.

Washington, April 29.—General debate on the Democratic tariff bill in the house wound up the night in a final outburst of oratory. Democrats spent the day lauding the measure, while alternately Republicans and Progressives attacked its provisions. The house, weary after a week of tariff oratory, did not produce a numerous attendance and most of the speeches of the day were made to empty benches. However, Representative Payne (N. Y.), the ranking Republican member of the ways and means committee, and the father of the present tariff law, had a good-sized audience on hand to listen to his denunciation of the bill. He painted a vivid word picture of ruined industry and impoverished labor which he presented as the inevitable result of the Underwood bill. Republicans vociferously applauded when he declared that the reduction in the cost of living promised by the Democrats as a result of the tariff revision was a fallacy.

Mr. Payne criticised the ways and means committee for putting wool on the free list while leaving on the dutiable list the hair of the Angora goats, intimating that it was the work of Representative Garner, the Texas member of the committee.

"There are three million goats raised in the United States," he said, "and I understand that 2,999,999 of them are raised in Texas."

Representative Murdock, the Progressive leader, criticised the tariff policy of both Democrats and Republicans. He said the Underwood bill was an unreliable, chaotic jumble of inconsistencies and urged that the tariff be placed in the hands of a non-partisan tariff commission.

Representative Rainey (Dem., Ill.) declared the bill represented a new era in the government's fiscal policy, making lighter the burden of taxes upon the consumers of the country and compelling great wealth to contribute its fair share toward paying the government expenses.

ALLIES DECIDE TO MAKE STAND

Balkan States Will Take Common Cause Against Austrians

London, April 29.—A Vienna dispatch to the Chronicle says: "News has reached here that Crown Prince Danilo is marching northward with the Montenegrin army in connection with the preparations which are being made to resist an Austrian attack on Cetinje. All the heights dominating the road from Cattaro to Cetinje are being hastily equipped with heavy artillery and strong Montenegrin forces, supported by Serbian troops, are taking up positions in the mountains."

A dispatch from Trieste says that 80,000 Austrian troops are assembled near the Montenegrin frontier.

A Belgrade dispatch says that the alliance among the members of the Balkan league clearly provides for concentrated military action in the event of an attack by Austria even if such an attack has sanction of powers.

MEAT HIGH AND BUTCHERS QUITTING.

Milwaukee, April 29.—Meat prices have become so high and sales have fallen off to such an extent that nearly half of the butchers in this city are making ready to quit business, according to Emil Priebe, secretary of the Market Butchers of America.

MINER'S HOME BLOWN UP

Wife and Child of James T. Bacon Killed at Cripple Creek.

Cripple Creek, Colo., April 29.—The home of James T. Bacon, a miner, and former member of the Colorado legislature, was blown up with dynamite. Mrs. Bacon and her five-year-old daughter were killed and Bacon was rendered unconscious and taken to a local hospital, where it was said that he was permanently injured. The cause of the explosion is unknown.

BRYAN'S PROTEST IS UNHEEDED

California Leaders Not Moved by Wilson's Request.

JOHNSON MAKES REPLY.

Declares Japan Has No Right to Take Offense at State's Action—Feeling of People of Coast State in Favor of Proposed Measure is Made Clear.

Sacramento, Cal., April 29.—After a day of conference between Secretary of State Bryan and Governor Johnson and the members of the California legislature over proposed anti-alien laws, the impression prevails here that the resolve of the majority leaders to enact a bill specifically denigrating aliens "ineligible to citizenship" from owning land in California remains unchanged, although Mr. Bryan, as the personal representative of President Wilson, advised strongly against such action, declaring diplomacy should settle the dispute. Governor Johnson indicated this in a brief, intense address to the conference. He declared California's right to follow the lead of other states in framing the land bill was unquestioned and said such action now seemed assured.

Administration Firm. The address indicated plainly that the opinion of the administration remained unchanged by the arguments put forward by Mr. Bryan. When Governor Johnson took his seat there was a general feeling that the alien land situation had been settled, regardless of what may be forthcoming from Washington.

Stating his position to the conference, Governor Johnson said, in part: "The bill proposed for passage by the California legislature can call forth no just criticism from the national administration nor from any foreign nation. Here in California it is not a question of whether the Japanese government takes offense at what we do, but whether we give that government just cause for offense. I do not believe that the proposed law prohibiting land ownership by aliens who are ineligible to citizenship gives the Japanese just cause for taking offense. If their dignity is threatened they should have protested when Washington and Arizona passed laws similar to that which we now propose to pass."

Conference Lasts Long. The conference lasted from 11 o'clock in the morning until far in the evening. It adjourned subject to the call of the presiding officers of the two houses of the legislature.

"I have presented the president's views, as I understand them," declared Mr. Bryan to the conference just before it adjourned. I shall submit to him the further questions you have asked me, calling attention to the statutes of Washington and Arizona, and I shall be prepared today, I hope, to give you his answer."

DELAYS RECOGNIZING CHINA

United States Will Not Act Until New Government is Organized.

Washington, April 29.—Political developments in China have made it improbable that the United States will immediately recognize the new republic, as originally intended, and officials here believe there is, therefore, no danger of further complicating the delicate situation at Peking as the result of the conclusion of the five power loan and the friction between Yuan Shi Kai and his cabinet on the one side and powerful radical party in the assembly on the other.

Peking, China, April 29.—The rupture is widening between the Chinese cabinet and the senate regarding the loan of \$125,000,000 to be issued by Great Britain, France, Germany, Russia and Japan. The ministers refused to appear before the legislators to explain the signature of the contract for the loan, pleading that they were ill. The house of representatives has not yet succeeded in choosing a chairman.

ENJOINS FIRE COMPANIES

Missouri Supreme Court Halts Termination of Contracts.

Jefferson City, Mo., April 29.—The state supreme court issued an injunction restraining 182 fire insurance companies from terminating contracts now in force. The court did not restrain the companies from ceasing to write new business in the state.

The companies were given ten days to show why they should not be fined for threatening to leave the state. The companies are given ten days to show cause why they should not be enjoined permanently from cancelling present contracts.

Representatives of the insurance companies when the injunction proceedings were filed by the attorney general said the companies had no intention of cancelling present contracts, but merely would write no new business or renew present contracts after April 30.

Mississippi is for War.

Washington, April 29.—A "war speech" in support of the proposed California anti-alien land law was delivered in the house by Representative Sisson of Mississippi.

"If we must have war or submit to this indignity, I am for war," cried Mr. Sisson. "I am with the people of California in their efforts to prevent these aliens from acquiring land."

GUNWOMEN ARRAYED AGAINST OFFICERS

House Occupied by Mrs. Pankhurst in State of Siege.

London, April 29.—The expiration of the limited license under which Mrs. Emmeline Pankhurst, the militant suffragette leader, was released on April 12 from Holloway jail, where she was serving three years' imprisonment, caused a great crowd to assemble at the house where she has been staying to recover from the effects of her "hunger strike." The people's expectation of seeing her forcibly returned to jail was disappointed, the authorities having in the meantime decided to extend her license, owing to her unsatisfactory health.

In the meantime the occupants of the house at which Mrs. Pankhurst was staying had placed it in a state of siege.

It had been stocked with a two-months' supply of provisions. The members of her family and some militant adherents were quartered on the two upper floors. The heavy street door was barricaded, only holders of the passwords being admitted.

When Mrs. Pankhurst's female chauffeur started off from the house with Miss Sylvia Pankhurst, a hooting crowd tried to rush the car. The private square which the house faces was cleared by a strong force of police and only householders and their friends were allowed to pass the line.

One of the militants who had been inside the house said afterward that it would have been necessary for the police to pass three barricades before they could reach Mrs. Pankhurst, who was surrounded with what she described as "our gun women."

Downey Named for Comptroller.

Washington, April 29.—President Wilson sent in the nomination of George E. Downey of Indiana, to be comptroller of the treasury, succeeding Robert J. Tracewell.

FRICTION BETWEEN DIAZ AND HUERTA

Factions in Mexico Divided Into Too Armed Camps.

Washington, April 29.—A rapidly growing situation in Mexico City, fraught with friction between the Huerta and Diaz factions of the provisional government, is reported in confidential advices, and these reports are augmented by agents of the Carranza constitutionalists arriving here.

Robert Pesquiera, a member of the Mexican house of deputies, arrived here to succeed Gonzales Gante as confidential agent of the Carranza forces. Gante has been assigned to a special mission, the nature of which is not disclosed but it is believed he is going to Europe.

Reports of the situation in Mexico City confirm earlier advices of the tenacity of the relations of Diaz and Huerta. Between the two officials practically all government forces in the federal district have been divided into two armed camps. Huerta has added to the infantry at the national palace and Diaz has encamped much of the artillery on his estate, Hacienda del Cristo, about thirty miles away.

Mondragon, minister of war, is in possession of the citadel, where other artillery is quartered.

El Paso, Tex., April 29.—Rebel troops under General Jose Inez Salazar mutinied at Casas Grandes, refusing to proceed in the campaign against the constitutionalists of Chihuahua state.

Salazar, with his staff officers, is reported to be held a prisoner by his own men.

The troops, whose leader had accepted the Huerta national government, were ordered to proceed to Chihuahua to enter the active campaign against the insurgents threatening the state capital from the south. The order when given by Salazar met with refusal by a majority of the men, private advices relate.

CONTRACT IS LET

TWO NEW BOILERS TO BE INSTALLED AT COST OF \$3,450.

COMPLETED IN 80 DAYS

Work of Improving Water Plant is Started and Other Contracts Are to Be Taken Up Soon.

The board of public works in session Monday afternoon gave the contract to Merkle-Hines company of Kansas City for two new boilers at the water plant and the work of installation at a price of \$3,450. While this bid was not the lowest one, still the company offered more than the other two bidders. The Kansas City Steam Specialty Co. bid was \$3,397 and M. T. Goss of Chicago had a bid of \$3,050.

Work on the boilers will commence within forty days after the contract is signed and must be completed within forty days after the work is started. The two new boilers will take the place of the two present ones, and the operation of the plant is not to be disturbed. One of the boilers will be installed north of the smoke stack at the water plant and will be connected, then the two old ones torn down, and the other boiler set up and connected south of the smoke stack.

There were three bids on the repairing and adding to the steel tank in the water tower. And there were six or seven propositions submitted by the bidders, ranging in prices from \$4,200 to \$10,000. The board took all of the bids under advisement and have not decided what they will do in regard to the tower. One proposition submitted repairing the old tank on a steel truss work is for \$9,700. Another one is to tear down the upper half of the tower and rebuilding it, and the cost was set at \$7,900.

The next improvement to be made at the plant will be the pumps and advertising for bids will be done soon.

TO GET TO WORK AT ONCE.

The Land Owners in the 102 Drainage District Want Ditch Finished Quickly.

The sentiment of the land owners at the meeting of the 102 river drainage district meeting held at the Pickering lumber yard on Monday afternoon at 2 o'clock, was strongly for the proposition of an extension of eight years of the life of the drainage corporation and to finish the ditch quickly. The vote on the extension of the corporation was 4,209 for to 817½ against. J. C. Pistole and Henry Heitman were tellers.

A. F. Harvey was employed as attorney for the drainage corporation and steps will be taken at the June term of the circuit court to get the court approval on the extension of the corporation for eight years. The present corporation existence runs to March 9, 1915, and with eight years more, they will have until 1923.

It will be necessary to raise more money for the completion of the ditch. Two dredge boats will be secured, one for each end of the ditch.

LOST, TWO DOORS

THEY REVOLVE, AND BELONG TO THE GOVERNMENT BUILDING.

SHIPPED A MONTH AGO

Except for Doors New Postoffice is to Be Finished This Week and Uncle Sam Goes In In June.

The new postoffice building on North Main street will be completed by the end of this week so it is figured now by Superintendent of Construction J. R. Edwards.

A final mechanic inspection of the building will be made this week and a man is expected to be here either Wednesday or Thursday. When this inspection is made and if everything is found to be O. K., then the treasury department at Washington will be notified that the building is complete.

There might be a delay on the building owing to the revolving doors for the side and front entrance to the building. The doors were shipped over a month ago, but no word has been received about them. It will take probably three days to put the doors in. All of the other work on the building will be finished this week. The grounds are being cleaned up.

When the treasury department accepts the building, then word will be sent to the postoffice department at Washington that the building is ready and then the postoffice authorities will receive notice to move to the new building. Postmaster S. R. Beech thinks it will probably be June 1 before the office is moved.

The new furniture is to be installed in the building and the first shipment of the racks and cases were received Tuesday.

The Maryville high school track team will go to Tarkio Friday to compete in the Tri-State track meet which will be held there under the auspices of the Tarkio College. NEW LAW OPENS COUNTY RECORDS TO STATE INSPECTION.

MISSOURI HAS A FLAG

Among New Laws Passed One Provides for Publishing City Finances and Another Double Express Tax.

We this week print another consignment of new laws for the information of our readers.

Must Have Electric Headlights.

For the safety of employees and other persons on railroads the recent session of the Missouri legislature enacted a law to the effect that all engines must hereafter be equipped with an electric head-light of at least fifteen hundred candle power. This bill was introduced by Mr. Correll of Randolph and was supported by practically every railroad employee in the state. It will lessen the liability of accident and be a protection to the traveling public as well as to the men who operate trains.

A Jolt to Free Lunches.

The free lunch which has been such a drawing card to the average country and city saloon, and which has induced tens of thousands of men who otherwise would have spent their money at a restaurant or lunch counter, to invest it in intoxicating liquor, has been put out of existence by the Missouri legislature. The bill recently enacted into a law makes it a misdemeanor to serve a free lunch in any place where liquors are sold. The fact that a man was forced to buy liquor in order to get a share of the viands spread in the average saloon had long been deplored by temperance workers in this state.

Doubled the Tax of Express Companies.

A bill raising the tax on express companies from \$1.25 to \$2.50 per \$100 on their gross receipts became a law when Governor Major attached his signature. It will be remembered that the 46th general assembly raised the tax on express companies, but Governor Hadley vetoed the bill. The express companies have been escaping their just share of taxes, paying less in Missouri than in any of the adjoining states, hence the measure is a most just one and a revenue producer.

Official Flag for Missouri.

Missouri is to have an official flag. It is one of the few states which has not made such an adoption long ago. The recent legislature officially provided for a state flag, the specifications to be as follows: One red, one white and one blue horizontal stripe of equal width; the red shall be at the top and the blue at the bottom. In the center of the flag there shall be a band of blue in the form of a circle enclosing the coat-of-arms in colors, as now established by law, on a white ground. The width of the blue band shall be one-fourteenth of the vertical width of the flag and the diameter of the circle shall be one-third the horizontal length of the flag. In the blue band there shall be, set at equal distances from each other, twenty five-pointed stars.

Melons Must Be Hurried Along.

People who hunger for a luscious watermelon or cantelope, as well as thousands of Southeast Missouri farmers who grow them for market, will be interested in house bill 411 which the recent legislature enacted into a law. It insures prompt service to the grower and fresh melons to the consumer by requiring that melons consigned to market must be moved within twelve hours after a bill of lading has been signed and filed with a railroad company. Vinous and citrous fruits are also included in the provisions of this law. This measure is of special interest to all South Missouri which is becoming the world's greatest market for watermelons, big red apples and other good things in that line.

Notice to Brides and Grooms.

Romantic young men and women who are tempted to steal a march on friends and relatives by securing a license to wed in one county and using it in a different locality will be interested in the fact that a new law in Missouri requires that every marriage shall be solemnized in the county wherein the license was issued; and, further, that the officer or preacher who solemnizes any marriage shall file his return with the officer who issued the license within ten days (Continued on page 2)

BAND CONCERT THURSDAY.

First One Will Be Given That Evening By Maryville Band in Court House Yard.

The first open air band concert by the Maryville band under T. B. Maulding, the director, will be given Thursday evening at the band stand in the court house yard. These concerts will be given weekly up to October.

OPERATOR RESIGNED.

F. E. Whitechurch of Burlington Station Will Be a Hardware Merchant of Savannah After May 1st.

F. E. Whitechurch, who has been telegraph operator at the Burlington station the past four years, has tendered his resignation and with his family expects to move Wednesday to Savannah.

After May 1st Mr. Whitechurch will be an equal partner with his father, Robert Whitechurch, in the hardware business, under the firm name of Whitechurch & Son. The senior Whitechurch has been successfully engaged in the hardware business for thirty years.

Mr. Whitechurch was employed with the Great Western railway at Savannah as telegraph operator for six years before coming to Maryville. The business opening that now presents itself to him is of too much value for future continuance in his present work. The good wishes of Maryville friends will go with him and his family to their old new home.

KNIGHTS TO ST. JOSEPH.

Maryville Knights of Columbus Will Assist in Degree Work Sunday Upon Candidates

Sixty members of the Maryville Knights of Columbus, with twenty-four accepted candidates for membership with them, will go to St. Joseph Sunday to hold a joint initiation with the St. Joseph Knights and the Knights from Cameron. There will be large classes for initiation in all three lodges.

The following are those who expect to take the work at St. Joseph: Paul Basford, Will Blatter, Paul Cook, Lawrence Cummins, J. J. Davis, John S. Diss, Wm. Doffing, John Kirch, Lawrence Latini, Joseph W. Lineman, Frank A. Schumacher, Jos. A. L. Gram, Will and Ed Linneman, Frank Merscher, Peter Myers, Tom Parle, Jerry Vaughn, Gus Romasser, Bert Hlatt, of this city, and Dan Felix of Clyde and Fred Jameson of Stanberry.

Their Brother Died.

Benjamin Stenen, the brother of Mrs. C. V. Roof of Parnell and John Stenen of Clyde, died Sunday morning at St. Joseph, where he had been for some time. He was forty-six years and is survived by his wife and three children.

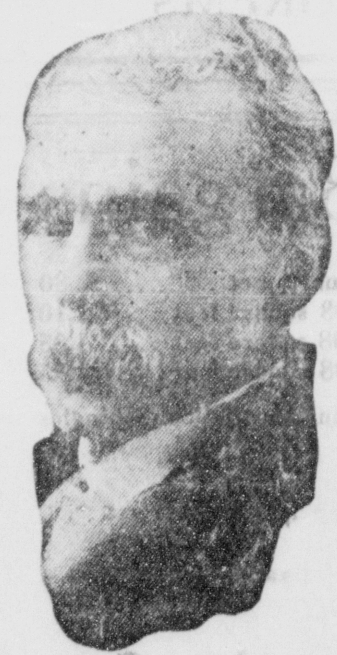

On Visit to Children.

Mrs. George Custer expects to leave next Tuesday on a visit to her children and will be gone several weeks. She will visit her daughter, Mrs. Carl Wyckoff in Kansas City, and her son, Leo Custer in Pittsburg, Okla.

Mr. and Mrs. Ace Porterfield of near Clearmont were in Maryville shopping Monday.

JULIAN HAWTHORNE.

Journalist Fated to Remain in Penitentiary. At Least Until July.

Julian Hawthorne's application to President Wilson for parole on the ground that one-third of the period of his sentence had expired has been denied, and he must stay in prison at least until July. He was convicted of misusing the mails.

ASKS FOR \$10,050

GRANT BORCHERS CLAIMS DAMAGES FROM HOSBOR.

\$3000 SUIT FOR CLYDE

Old Defective Sidewalk Problem to Have Another Hearing in Court—One Divorce Suit.

Tuesday was a busy day in Circuit Clerk Rathbun's office, as many cases were filed for the June term of court. A sensational suit filed was by Grant Borchers against John Hosbor for \$10,050 for damages for injuring the good name and reputation of the plaintiff's minor daughter, Pearl Borchers. The petition charges the defendant with committing seduction. The attorneys for Borchers are C. F. McCaffrey and W. E. Wiles.

A suit against the village of Clyde was filed by Attorney Ellis G. Cook for Joseph Probst. The suit is for \$3,000 damages. The petition claims that the plaintiff had both bones of his left arm broken and dislocated his wrist as a result of a fall due to a defective sidewalk in that town.

A divorce suit was also filed. The suit was that of Lizzie M. Allen vs. James M. Allen. The petition states that they were married in Nebraska on August 30, 1908, and lived together until January 20, 1912, since which time the defendant has absented himself without reasonable cause for one year. A divorce, the custody of two minor children and maintenance are asked for. Shinabargar, Blagg & Ellison are the attorneys for the plaintiff. A perfect title suit was filed, being Ward W. Gray vs. Roy McMullin. Shinabargar, Blagg & Ellison are the attorneys for the plaintiff.

BOYS PUT ON MEET.

Presbyterians Won, with Independents Second and Methodists Third—Records Destroyed.

A number of boys staged a track meet all by themselves Monday afternoon at Normal park. It was a sort of religious affair, in which the boys of the Presbyterian Sunday school triumphed over the Methodist boys by a count of 57 to 17. But we mustn't forget to state that the Independents were also in the meet and ran the Presbyterians a close race for first honors. Their total was 44.

Here are the events and the winner of first in each:

100-yard dash—B. E. Condon (Ind.)
Shot put—Harold Sawyers (Pres.)
220-yard dash—Harley Hughes (Pres.)
Hop, step and jump—Harold Sawyers (Pres.)
Running broad jump—Harold Sawyers (Pres.)

Hedges Must Be Trimmed.

Property owners who neglect their
hedges until they become a nuisance
to the traveling public will be inter-
ested in knowing that further neglect
is likely to bring upon them a fine of
not less than \$5.00 nor more than
\$100.00 for each offense. A law passed
by the recent legislature provides that
any person owning a hedge fence or
property enclosed by such a fence
along any public road or highway in
this state must trim the same to a
height of not more than five feet once
each year. As soon as notified in writ-
ing by three or more property owners
of his district that this law is being
violated a road overseer must notify
the prosecuting attorney at once, pre-
sented him with a copy of the notice.
It will then become the duty of the
prosecuting attorney to begin action
against the offender unless he com-
plies with the law within thirty days.
Neglected hedges soon become a nu-
isance to the traveling public and this
law will be generally appreciated.

Will Audit Public Accounts.

At the suggestion of State Auditor
Gordon the Missouri legislature pro-
vided for expert auditing of the ac-
counts of state officers, state institu-
tions, etc., and for the examination of
the books of county and city officers
when such examination is requested
or deemed necessary. All state ac-
counts, however, will be audited once
a year and the saving to the state
through the enforcement of uniform
systems of book-keeping and account-
ing are estimated at something like
half a million dollars a year. On re-
quest of county court or on petition
of 300 citizens the state will audit the
accounts of county officers. The honest
official has nothing of course to fear

Hall's Catarrh Cure is taken internally, acting

White Slave Law Very Drastic.

The general assembly passed a very
drastic white slave law. Under the
terms of this measure it becomes an
offense punishable by not less than
two years nor more than twenty in
the penitentiary for a person to in any
way aid, assist or be a party to the
enticing of a girl away from home for
immoral purposes. The law will do
much to protect the virtue of young
womanhood in Missouri and will put
an effectual stop to what is known as
the white slave traffic, rendering it
extremely hazardous for lecherous
scoundrels to ply their trade.

Aldermen Must Publish Statement.

Newspapers and tax-payers in many
towns have had occasion to make fre-
quent complaint because their board
of aldermen neglected or refused to
publish an annual financial statement.
The Missouri legislature passed a law
to remedy this state of affairs. It pro-
vides that the board of aldermen shall,
semi-annually, in January and July
of each year, make out and spread
upon their records a full and detailed
account and statement of the receipts
and expenditures and indebtedness of
the city for the half year ending De-
cember 31st and July 30th, preceding
the date of such report, which account
and statement shall be published in
some newspaper in the city. Should
such board of aldermen fail, refuse
and neglect to comply with the same,
then they shall be adjudged guilty of
a misdemeanor and shall forfeit their
offices as such aldermen.

Will Pension Ex-Confederates.

All indigent and dependent ex-Con-
federate soldiers now residing in the
state of Missouri are eligible to a pen-
sion of \$10 a month, provided their
conditions and records are such as to
comply with the law passed at the re-
cent session of the legislature. This
law provides that on satisfactory proof
being furnished to the adjutant general
of the state by any ex-Confederate
soldier who enlisted in the Confedera-
te army, or in what is commonly
called Jackson's state militia, that he
served in such service for a period of
not less than six months, was honor-
ably discharged therefrom, and that
on account of wounds received, disease
contracted, from personal injury or
from old age he is incapacitated to
labor, and has no business or profes-
sion or property from which he de-
rives an income, and no means suffi-
cient for his support, and who has
resided in the state two years prior to
the passage of this act, his name shall
be enrolled by the adjutant general
on the state ex-Confederate pension roll.

ped in Maryville on his way to Kansas
City for a day's visit with Mr. and

Several of the friends and neighbors
of Mr. and Mrs. Lee Rasco quietly sur-
prised them at their home Saturday
evening, and all had a jolly good time.

Parrish, Mr. Wesley Neese and Mrs.
Nora Ramey. Pie, cake and coffee
was served to the following: Mr. and
Mrs. Henry Rasco and family, Mr. and
Mrs. Zell Thompson and family, Mr.
and Mrs. Tom Beattie and family,
Mr. and Mrs. Will Beattie and family,
Mr. and Mrs. John Ramey and family,
Mr. and Mrs. Art Logan and family,
Mr. and Mrs. Edgar Lanning, Misses

Rasco, May Rasco, Lera Rasco, Mil-
dred Dougan, Messrs. Frank Rasco,

A Great Surprise Wedding.

It was quite an unusual social event
that took place Monday evening at the
home of Mr. and Mrs. Oscar L. Mutti
of Hopkins, who had arranged a de-
lightful evening for the B. W. club, of
which Mrs. Mutti is a member, and
their gentlemen friends, but the affair
ended in such a big surprise to every-
body there, including the host and
hostess, that they are still wondering
if it is a fact or if it is a dream. Mr.
and Mrs. Mutti, who are among Hop-
kins' happiest newlyweds, invited their
company for a social evening to ob-
serve the fourth wedding anniversary
of Professor and Mrs. W. R. Lowrey.
As a surprise for all their guests, Mr.
and Mrs. Mutti were to announce the
approaching marriage of their best
friends, Miss Ethel Ulmer and Mr.
Gaylen Goodson, who had given them
May 7 as the date for their wedding,
as the crowning feature of the evening,
and every little detail in regard to it
was perfected.

The first part of the evening was
given to doing honor to Professor and
Mrs. Lowrey and playing various kinds
of contest games. At last the game of
forty-two was commenced, which was
the signal to the bride and bridegroom-
elect that their announcement was not
far off. They asked leave of absence
for a few moments from their host
and hostess, who thought they wanted
to do a little bracing up before their
secret should be told, and they went
out for a little walk without being
missed by the guests. Precisely at the
right time they returned, but not alone.
Preceded by Rev. D. W. Griffith, pastor
of the Baptist church at Hopkins, they
took their places in the midst of a
hushed and speechless company and
the holy vows of marriage were soon
spoken, the bride being given away by
her grandfather, Mr. Jehu Johnson.

who had also accompanied them. By
the time the minister and the good
grandfather had given their blessing,
the guests began to recover from their
surprise and fun and merriment
reigned. When luncheon was served,
the hostess discovered a beautiful wed-
ding cake in the center of her dining
table. Upon diligent inquiry it was
found that her own mother and father,
Mr. and Mrs. J. C. Pistole, had been the
two upon whom the bride and groom
depended for help in carrying out their
surprise. Mr. Pistole went to Mary-
ville Monday on business that did not
allow him to return until the night
train, bearing the marriage license in
his pocket. While he was away Mrs.
Pistole made the wedding cake and put
a gold ring in it, which was in the
piece secured by Miss Della Nash.

The bride and groom have been for-
given by the host and hostess for their
trick for one reason only—they were
married in their home, a fact that has
saved them from complete ostracism
by them. Mr. and Mrs. Goodson are
universally esteemed, loved and ad-
mired in Hopkins, where both were
born and reared. Mr. Goodson is a
young druggist there. He is a son of
Mrs. William Bram of Hopkins and of
the late Dr. B. F. Goodson of that
place. Mrs. Goodson is not only one
of Hopkins' prettiest girls, but is de-
serving of the popularity she enjoys.
Those who were present upon this ex-
traordinary occasion were: Mr. and
Mrs. J. C. Pistole and their daughter,
Mrs. Lee Ferguson of Trosser, Wash.,
who assisted Mr. and Mrs. Mutti dur-
ing the evening; Professor and Mrs.
W. R. Lowrey and their little son,
Raimen William; Mr. and Mrs. Arthur
McMaster, Miss Bess Burch, Miss
Chloe Jefferies, Miss Bertha Gross,
Lulu Hughes, Miss Gladys Pennington,
Miss Edna Bonnewitz, Miss Cleo Kime,
Miss Lottie Louden, Miss Della Nash,
Messrs. Fay Whitney, S. E. Browne,

Browne, Harlan Wells, Sargeant Nash,
and Mr. and Mrs. Mutti.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help."

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui.

The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways. Try it.

FINAL OUTBURST OF ORATORY

General Debate on Tariff Bill Ends in House.

PAYNE DENOUNCES MEASURE.

Republican Leader Ridicules Claim That Revision Will Reduce Cost of Living—Murdoch Also in Opposition. Rainey Comes to Defense.

Washington, April 29.—General debate on the Democratic tariff bill in the house wound up the night in a final outburst of oratory. Democrats spent the day lauding the measure, while alternately Republicans and Progressives attacked its provisions. The house, weary after a week of tariff oratory, did not produce a numerous attendance and most of the speeches of the day were made to empty benches. However, Representative Payne (N. Y.), the ranking Republican member of the ways and means committee, and the father of the present tariff law, had a good-sized audience on hand to listen to his denunciation of the bill. He painted a vivid word picture of ruined industry and impoverished labor which he presented as the inevitable result of the Underwood bill. Republicans vociferously applauded when he declared that the reduction in the cost of living promised by the Democrats as a result of the tariff revision was a fallacy.

Mr. Payne criticized the ways and means committee for putting wool on the free list while leaving on the dutiable list the hair of the Angora goats, intimating that it was the work of Representative Garner, the Texas member of the committee.

"There are three million goats raised in the United States," he said, "and I understand that 2,999,999 of them are raised in Texas."

Representative Murdoch, the Progressive leader, criticized the tariff policy of both Democrats and Republicans. He said the Underwood bill was an unreliable, chaotic jumble of inconsistencies and urged that the tariff be placed in the hands of a non-partisan tariff commission.

Representative Rainey (Dem., Ill.) declared the bill represented a new era in the government's fiscal policy, making lighter the burden of taxes upon the consumers of the country and compelling great wealth to contribute its fair share toward paying the government expenses.

ALLIES DECIDE TO MAKE STAND

Balkan States Will Take Common Cause Against Austrians

London, April 29.—A Vienna dispatch to the Chronicle says:

"News has reached here that Crown Prince Danilo is marching northward with the Montenegrin army in connection with the preparations which are being made to resist an Austrian attack on Cetinje. All the heights dominating the road from Cattaro to Cetinje are being hastily equipped with heavy artillery and strong Montenegrin forces, supported by Serbian troops, are taking up positions in the mountains."

A dispatch from Trieste says that 80,000 Austrian troops are assembled near the Montenegrin frontier.

A Belgrade dispatch says that the alliance among the members of the Balkan league clearly provides for concentrated military action in the event of an attack by Austria even if such an attack has sanction of powers.

Mrs. Bacon and her five-year-old daughter were killed and Bacon was rendered unconscious and taken to a local hospital, where it was said that he was permanently injured. The cause of the explosion is unknown.

BRYAN'S PROTEST IS UNHEEDED

California Leaders Not Moved by Wilson's Request.

W. JOHNSON MAKES REPLY.

Declares Japan Has No Right to Take Offense at State's Action—Feeling of People of Coast State in Favor of Proposed Measure Is Made Clear.

Sacramento, Cal., April 29.—After a day of conference between Secretary of State Bryan and Governor Johnson and the members of the California legislature over proposed anti-alien laws, the impression prevails here that the resolve of the majority leaders to enact a bill specifically barring aliens "ineligible to citizenship" from owning land in California remains unchanged, although Mr. Bryan, as the personal representative of President Wilson, advised strongly against such action, declaring diplomacy should settle the dispute. Governor Johnson indicated this in a brief, intense address to the conference. He declared California's right to follow the lead of other states in framing the land bill was unquestioned and said such action now seemed assured.

The address indicated plainly that the opinion of the administration remained unchanged by the arguments put forward by Mr. Bryan. When Governor Johnson took his seat there was a general feeling that the alien land situation had been settled, regardless of what may be forthcoming from Washington.

Stating his position to the conference, Governor Johnson said, in part:

"The bill proposed for passage by the California legislature can call forth no just criticism from the national administration nor from any foreign nation. Here in California it is not a question of whether the Japanese government takes offense at what we do, but whether we give that government just cause for offense. I do not believe that the proposed law prohibiting land ownership by aliens who are ineligible to citizenship gives the Japanese just cause for taking offense. If their dignity is threatened they should have protested when Washington and Arizona passed laws similar to that which we now propose to pass."

Conference Lasts Long.

The conference lasted from 11 o'clock in the morning until far in the evening. It adjourned subject to the call of the presiding officers of the two houses of the legislature.

"I have presented the president's views, as I understand them," declared Mr. Bryan to the conference just before it adjourned. I shall submit to him the further questions you have asked me, calling attention to the statutes of Washington and Arizona, and I shall be prepared today, I hope, to give you his answer."

DELAYS RECOGNIZING CHINA

United States Will Not Act Until New Government Is Organized.

Washington, April 29.—Political developments in China have made it improbable that the United States will immediately recognize the new republic, as originally intended, and officials here believe there is, therefore, no danger of further complicating the delicate situation at Peking as the result of the conclusion of the five power loan and the friction between Yuan Shi Kai and his cabinet on the one side and powerful radical party in the assembly on the other.

Peking, China, April 29.—The rupture is widening between the Chinese cabinet and the senate regarding the loan of \$125,000,000 to be issued by Great Britain, France, Germany, Russia and Japan. The ministers refused to appear before the legislators to explain the signature of the contract for the loan, pleading that they were ill. The house of representatives has not yet succeeded in choosing a chairman.

ENJOINS FIRE COMPANIES

Missouri Supreme Court Halts Termination of Contracts.

Jefferson City, Mo., April 29.—The state supreme court issued an injunction restraining 182 fire insurance companies from terminating contracts now in force. The court did not restrain the companies from ceasing to write new business in the state.

The companies were given ten days to show why they should not be fined for threatening to leave the state. The companies are given ten days to show cause why they should not be enjoined permanently from cancelling present contracts.

Representatives of the insurance companies when the injunction proceedings were filed by the attorney general said the companies had no intention of cancelling present contracts, but merely would write no new business or renew present contracts after April 30.

Mississippi Is for War.

Washington, April 29.—A "war speech" in support of the proposed California anti-alien land law was delivered in the house by Representative Sisson of Mississippi.

"If we must have war or submit to this indignity, I am for war," cried Mr. Sisson. "I am with the people of California in their efforts to prevent these aliens from acquiring land."

GUNWOMEN ARRAYED AGAINST OFFICERS

House Occupied by Mrs. Pankhurst in State of Siege.

London, April 29.—The expiration of the limited license under which Mrs. Emmeline Pankhurst, the militant suffragette leader, was released on April 12 from Holloway jail, where she was serving three years' imprisonment, caused a great crowd to assemble at the house where she has been staying to recover from the effects of her "hunger strike." The people's expectation of seeing her forcibly returned to jail was disappointed, the authorities having in the meantime decided to extend her license, owing to her unsatisfactory health.

In the meantime the occupants of the house at which Mrs. Pankhurst was staying had placed it in a state of siege.

It had been stocked with a two-months' supply of provisions. The members of her family and some militant adherents were quartered on the two upper floors. The heavy street door was barricaded, only holders of the passwords being admitted.

When Mrs. Pankhurst's female chauffeur started off from the house with Miss Sylvia Pankhurst, a hooting crowd tried to rush the car. The private square which the house faces was cleared by a strong force of police and only householders and their friends were allowed to pass the line.

One of the militants who had been inside the house said afterward that it would have been necessary for the police to pass three barricades before they could reach Mrs. Pankhurst, who was surrounded with what she described as "our gun women."

Downey Named for Comptroller. Washington, April 29.—President Wilson sent in the nomination of George E. Downey of Indiana, to be comptroller of the treasury, succeeding Robert J. Tracewell.

FRICITION BETWEEN DIAZ AND HUERTA

Factions in Mexico Divided Into Too Armed Camps.

Washington, April 29.—A rapidly growing situation in Mexico City, fraught with friction between the Huerta and Diaz factions of the provisional government, is reported in confidential advices, and these reports are augmented by agents of the Carranza constitutionalists arriving here.

Robert Pesquera, a member of the Mexican house of deputies, arrived here to succeed Gonzales Gante as confidential agent of the Carranza forces. Gante has been assigned to a special mission, the nature of which is not disclosed, but it is believed he is going to Europe.

Reports of the situation in Mexico City confirm earlier advices of the tenacity of the relations of Diaz and Huerta. Between the two officials practically all government forces in the federal district have been divided into two armed camps. Huerta has added to the infantry at the national palace and Diaz has encamped much of the artillery on his estate, Hacienda del Cristo, about thirty miles away. Mondragon, minister of war, is in possession of the citadel, where other artillery is quartered.

SALAZAR TROOPS MUTINY

Refuse to Proceed Against Constitutionalists of Chihuahua State.

El Paso, Tex., April 29.—Rebel troops under General Jose Inez Salazar mutinied at Casas Grandes, refusing to proceed in the campaign against the constitutionalists of Chihuahua state.

Salazar, with his staff officers, is reported to be held a prisoner by his own men.

The troops, whose leader had accepted the Huerta national government, were ordered to proceed to Chihuahua to enter the active campaign against the insurgents threatening the state capital from the south. The order when given by Salazar met with refusal by a majority of the men, private advices relate.

BLOWER OF FIRST ELECTRIC LIGHT BULB DEAD

Kansas City, April 29.—George Teasdale, who claimed the distinction of having blown the first incandescent light bulb, died in Kansas City, Kan. Teasdale was seventy-two years old and had been a glass blower since he was fifteen years old. In making his first electric lamp Teasdale was associated at New York with Henry Goebel, jeweler.
